SEEDS PER BAG!

Wildflowers

All Natural Organic Combination
Breathtakingly Beautiful!

- A perfect combination of wildflowers, straw, and tackifier
- Blend of approximately 25 annual and perennial varieties
- Spreads EZ – better germination and moisture retention
- Specifically selected to grow in all geographic zones and types of soil
- Wildflower mix supplies seeds with a range of maturities, plant heights, and best of all; a picturesque blossom of color throughout summer and fall!

EZToUse!

1. Loosen Soil.
2. Spread Wildflower Mix- water twice daily, or more, especially during hot and dry periods.
3. Water continuously for 4-8 weeks.
4. Annuals POP in approximately 14 days.
5. Enjoy your results.

Deer Forage

Premium Combination
All-in-One Mix!

- Protein content of young plants can be as high as 32%
- Leaves are between 90% and 95% digestible
- Withstands browsing pressure well and is especially attractive
- Sown in the early spring, highly palatable forage is available for the energy and protein needs for developing antlers and nursing does. Turkey and quail love the soft, tender leaves.

- Premium Seed, Straw, Fertilizer and Tackifier
- EZ-Straw® Deer Forage is formulated with preferred and nutritious legumes, fast establishing ryegrass
- plus the wildlife sensation, chicory. It is designed to deliver a year-round, high quality, and nutritional food plot.
- EZ-Straw® Deer Forage food plot mixture is high in protein and will satisfy the needs for all seasons!
- 7 to 14 days germination, varies per plant species

THE ORIGINAL
Stop
Erosion
SEEDING MULCH
WITH TACK

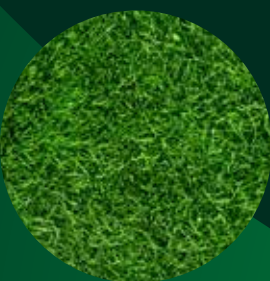

- Processed Straw
- Tack is an all-natural substance used as a food additive to hold things together (for example: ice cream, chewing gum). The natural bonding agent giving straw a tackiness which holds it together, protects grass seed from heavy washout and windy areas.
- Speeds up germination, water less often.
- Biodegrades - no mess to clean up; just leave in place after the seed grows
- Safe for pets and children, protects from birds
- Conveniently bagged. Doesn't leave your vehicle with an impossible mess to clean!

Loosen soil with a garden rake to a depth of 3 inches. Remove weeds twigs and debris. Spread seed and fertilize as recommended. Water lightly.

Cover area evenly with EZ-Straw. Protects grass seed from birds, wind and rain. Water lightly daily.

EZ-Straw helps enrich topsoil for...

GREAT RESULTS
